NEWS RELEASE

IS YOUR CHILD ENTERING KINDERGARTEN IN THE FALL? FEBRUARY IS KINDERGARTEN REGISTRATION MONTH

MAMARONECK, NY, Jan. 19, 2010 – February is Kindergarten Registration Month. Parents with children entering Kindergarten must pick up a registration packet at their neighborhood school (the school for which their child is zoned) during the month of February and complete the necessary forms, including providing proof of residency and age, among other pieces of information.

“We look forward to welcoming a whole new set of students to Mamaroneck Schools,” says Superintendent of Schools Dr. Paul Fried. “We ask that parents of all Incoming Kindergartners make sure to register in February so that the District gets the best possible estimate on the number of children that will be entering our schools. This is important for many reasons, including staffing and budgetary considerations.”

Mamaroneck Schools has worked with all of the area pre-schools to receive lists of families residing in Larchmont and Mamaroneck with children who will turn five by December 31, 2010 and are headed to Mamaroneck Public Schools: Central, Chatsworth, Murray or Mamaroneck Avenue. A letter has been sent to Incoming Kindergarten families, urging them to complete the registration process in February.

If you or someone you know with an incoming kindergartner have not received a letter of introduction to the process and would like additional information prior to registering, please contact Joanna Tobig at 220-3008. A Newcomers Orientation will be held at each of the elementary schools on May 18.
