Assistant Superintendent for
Student Support Services

Sylvia Wallach
Assistant Superintendent for
Business Operations

Annie Ward
Assistant Superintendent for
Curriculum and Instruction

PROGRAM GOALS

- Pilot Bridges Math elementary math curricula aligned to NYS Common Core Learning Standards for Mathematics (K - 1)
- Provide resources to implement District Equity Team Multi-Year Strategic Plan initiatives
- Extend Middle School Dos Caminos Dual Language Program to 8th grade
- Provide hands-on resources and professional development to support Science 21 curriculum (K - 4)
- Pilot “Hommocks Learning Hub” and before/after school counseling groups to support the mental health and academic stability of students significantly impacted by the COVID-19 health crisis
- Introduce middle school World Drumming and high school Advanced Placement Music Theory courses
- Expand and enrich 11th and 12th grade English electives
- Enhance MHS STEM and food science courses and instructional programs in new MHS Design Lab and Culinary Arts spaces (capital project)
- Design middle school lunch student activities program and intervention/enrichment/advisory block
- Review and revise high school non-Regents course offerings
- Maintain sustainability initiatives K -12
- Investigate partnership with area farm collaborative to support STEM, sustainability, animal science, agriculture, food science curriculum, and outdoor education field experiences

COST EFFICIENCIES AND FISCAL STRATEGIES

- Joined a regional Workers’ Compensation consortium SWSWCSIP
- Transitioned employee self-insured health and prescription coverage over to a regional municipal/public school district health benefits consortium
- Settled all collective bargaining agreements
- Eliminated use of fund balance as a revenue budget item
- Implemented use of paperless and electronic systems

**2021-2022

COMMUNITY PROFILE

The Mamaroneck Union Free School District is one of over 700 school districts in New York State. It encompasses an area of more than 8 square miles. The District is located 23 miles northeast of New York City in Westchester County.

Mamaroneck is a town that includes two villages: the Village of Larchmont and the Village of Mamaroneck. The majority of the town's land area is not within either village, constituting an unincorporated area. According to the 2010 Census, the populations are as follows: Town of Mamaroneck—29,156; Village of Larchmont—5,864; and Village of Mamaroneck—18,929. The residents represent a broad spectrum of occupations. More than 30% of the entire population of the area speaks a language other than English at home.

Located on the Long Island Sound, Mamaroneck shares common boundary lines with the City of New Rochelle, the Towns of Rye and Harrison, and the Village of Scarsdale. With its shoreline on Long Island Sound, the area offers suburban living with extensive recreational activities such as swimming, sailing, fishing, ice skating, golf and tennis. Like many of its neighboring towns, the cost of living in Mamaroneck is above average.

The District's general fund budget includes the costs of operating its facilities comprised of more than 1.1 million square feet of buildings on more than 56 acres.

Buildings & Grounds

EDUCATIONAL PROGRAM

The District offers programs for students in grades Kindergarten through Grade 12 and a Pre-K program through outsourcing. The School District has four elementary schools, one middle school and one high school. For the upcoming school year, the enrollment for the District is projected to be as follows:

<u>School</u>	<u>Enrollment</u>
Pre-K	92
Central Elementary	472
Chatsworth Elementary	663
Mamaroneck Avenue School	699
Murray Avenue Elementary	680
Hommocks Middle School	1,312
Mamaroneck High School	1,630

District-wide

Children flourish when they meet meaningful challenges, receive useful feedback and encouragement, and know that their teachers, family, and community believe in their ability to succeed. The Mamaroneck Public Schools provide a vibrant learning environment in which students' interests are sparked, their knowledge kindled and their skills developed from Pre-Kindergarten through Grade 12. In District classrooms, studios, labs, on stages and athletic fields, students encounter interesting content and worthwhile challenges. They grapple with ideas and learn to think critically. They experiment; they conduct research and revise thinking in light of new information. They put forth effort and problem-solve. They create innovative designs. They do all this in safe, stimulating learning environments created by caring, knowledgeable teachers.

Pre-Kindergarten

Mamaroneck continues to support and invest in early childhood education by carrying on the 40 year-old tradition of offering a Pre-K Program. Beginning as a program targeted to meet the needs of students with disadvantaged backgrounds, the current Pre-K Program meets the New York State Department of Education guidelines for Universal Pre-K Programs offering enrollment to all four-year old students living in Larchmont or Mamaroneck. Approximately 92 students are admitted through a lottery system. The program, housed at Central Elementary School, includes Universal Pre-K classes, a co-teaching class that includes children with special needs, and a special needs program for local preschool-age children with disabilities.

Elementary Program

All four elementary schools emphasize individual learning. The District has developed a common curriculum for the elementary schools based upon the mission of the District and its principles of challenge and equity. With an emphasis on consistency, coherence, and research-based best practice, this curriculum identifies the grade-specific concepts and outcomes for English language arts, mathematics, science, social studies, art, health, music, physical education, and technology. This core curriculum represents a work in progress, for we are always rethinking what we teach and

how we teach to ensure student engagement. Curriculum materials are available at www.mamkschools.org under Curriculum and Instruction.

The basic elementary program for the upcoming school year will be staffed utilizing the District-wide staffing ratios as listed in the District Information Section on the Enrollment sheet. In addition, each school has special teachers for art, music, library, health and physical education. The educational program at each school is supported by the services of a school nurse, psychologist, social worker and specialists for reading, math, speech, English as a new language, and special education. Each school has an active PTA that provides support for a wide range of activities.

Middle School Program

Hommocks Middle School continually strives to meet the intellectual and emotional needs of its adolescent students. The middle school program is based on the House Model of school organization that creates a climate of a small school-within-a-school by combining the programs and resources of a large school with the intimacy of a smaller setting. Students at the Hommocks Middle School are assigned to a house where teachers of the core academic subjects are teamed by grade level. Grade level teams of English, social studies, math, and science teachers meet on a regular basis and share common planning periods. Team meetings provide time for the staff to discuss the progress of students, plan curriculum and interdisciplinary projects and consult with support personnel such as guidance counselors, psychologists, reading teachers or special education staff. The team approach fosters a more intimate experience than the traditional departmental organization.

High School Program

Mamaroneck High School offers a comprehensive and challenging curriculum to meet the needs of a broad range of students. Organized according to the traditional academic departmental structure, the high school program offers students almost 200 courses varying in content from architectural design to Calculus BC. The high school program is guided by both District policy and the regulations of the New York State Education Department. Students complete a core program of English, social studies, mathematics, science, the arts, and health. Additional requirements for foreign language instruction, physical education and electives complement this core program. A comprehensive course catalogue is available in the High School Guidance Office and can also be found on the District website.

SOURCES OF REVENUE

1001 Real Property Taxes and 1085 – STAR

The Board of Education determines, and the community votes on, the total amount of funds needed to operate the District. Anticipated revenues from sources other than taxes are subtracted from this total. The amount remaining must come from the local property tax levy. The levy is spread among the taxable assessed value in the District. Since the assessed value is not set until the time of the levy, the actual tax rate may differ slightly from the projected tax rate. Under current law, a portion of the tax levy (2.9% in 2020-2021) comes from the NYS School Tax Relief Program (STAR). This amount has steadily decreased from \$7.5M in 2015-2016 to \$3.8M in 2020-2021, a decrease of over 49%.

1001-030 Property Tax - Other Districts

These are the school taxes on properties that are within two school districts. Mamaroneck bills the shared school district for taxes if the children from those properties attend Mamaroneck Schools.

1081 PILOT

The District is scheduled to receive Payments-in-Lieu-of-Taxes (PILOT) for Mamaroneck Towers. The District will receive a proportionate share of \$75,000.00 (shared with the Town of Mamaroneck, Village of Mamaroneck and Westchester County) for 30 years. The total PILOT amount increases 2.5% per year. The District's share for 2021-2022 is projected to be \$47,519.

1120 Sales Tax

Since 1991, Westchester County has levied a 1% sales tax that it distributes to school districts and municipalities. Effective August 1, 2019, Westchester County increased its sales tax by 1% to 8.375%. 10% of the 1% increase will be distributed to school districts throughout the county.

1310 & 2231 Tuition Regular, Special Ed and Parentally Placed Students

Tuition income is derived from billing non-resident students for tuition to attend our schools and by billing non-resident students' districts of residence for special education related services at the non-public schools within our boundaries. Other school districts may contract with our District to provide services, usually in special education.

2280 Health Services - Other Districts

State law requires the School District to provide certain health services for all children attending non-public schools located within District boundaries. The revenue in this line is generated by billing non-resident children's districts of residence for the provision of these health services at the non-public schools within our School District boundaries.

2401 Interest Earned

By law, School Districts are allowed to invest all available funds that are not obligated at a particular time in certain types of collateralized investments, such as certificates of deposit issued by a N.Y. State authorized bank or trust company, U.S. Treasuries, repurchase agreements and investments secured with obligations of the U.S., N.Y., or any School District of N.Y. State. Our District traditionally invests in CDs or uses money market accounts based on the best interest rate with the local banks. However, in an effort to expand investment opportunities, increase income and liquidity, the District joins with other school districts and municipalities to invest funds through Cooperative Liquid Asset Fund (CLASS) and New York Liquidated Asset Fund (NYLAF). CLASS and NYLAF must follow the same rules as the banks in terms of providing collateral for all of our investments. This "pooling" of funds allows for greater flexibility in cash flow and usually a better return on our investments.

Looking at our cash flow pattern throughout the year, it clearly indicates that there are substantial amounts of money available for investment at certain times in the school year, namely, September/October and January/February when most of the property taxes are received.

Interest on the funds in each reserve, (Workers Compensation, Unemployment, ERS, TRS and Tax Certiorari) are accounted for in the General Fund. However, interest earned on reserve funds is designated for use in that specific reserve fund. Interest rates have been very low during the current budget year.

2410 & 2412 Rental of Facilities

One source of rental income is generated from the Town's payment for the use of the Hommocks Pool. The Town Recreation Department runs pool programs for the community before and after the school day, on weekends and during the summer months. Other income in this line is from rental and fees charged to organizations for other facilities use, i.e., classrooms, auditoriums, gymnasiums and field space. At the end of the 2019-2020 fiscal year and throughout the 2020-2021 fiscal year, revenue from the rental of facilities has been significantly reduced as a result of the pandemic.

2700 Medicare Part D

Since our prescription health plan meets the requirements under the law to be as good as or better than Medicare, the District is able to get the Medicare subsidy for eligible retirees.

2701 Refund of Prior Year Expenses

These revenues include refunds from BOCES services that generated a surplus, reimbursements through E-Rate funds from the Universal Schools and Libraries program to offset telecommunications expenses and refunds of miscellaneous expenses.

3xxx State Aid

The State provides aid to public schools statewide. This includes Foundation Aid, Building Aid, Lottery Aid, Transportation Aid, Instructional Materials and other types of Aid. The Governor's budget proposal combines several types of aid into Special Services Aid. The 2021-2022 general fund State Aid revenue is projected to be \$7,950,314, an increase of 3.86% from the 2020-2021 budgeted state aid.

4601 Medicaid

Some of our students are Medicaid eligible. If the District provides certain related services to these children, the District is eligible to apply for Medicaid for those services.

5999 Appropriated Fund Balance

The recommended 2021-2022 revenue budget eliminates the use of fund balance as a source of revenue to balance the budget.

PROPOSED EXPENDITURE SUMMARY

Expenditure	% of the budget
Salaries	54.23%
Benefits	26.40%
Debt Service	4.35%
Special Education (excluding salaries)	3.53%
Transportation	3.14%
Utilities	1.56%
Operations & Maintenance (not including salaries or utilities)	1.57%
Software and Supplies	.74%
Textbooks	.47%
Other	4.01%
Total	<u>100.00%</u>

The total dollar amount of the 2021-2022 Recommended Budget is \$144,714,871. This represents a 1.48% increase when compared with the 2020-2021 Budget. The 2021-2022 Budget continues to invest in the educational program and has been developed based on the goals and objectives of the School District.

Principals and department heads submit and propose requests for funding. Their proposals then go to the Administrative Cabinet, led by the Superintendent, for further review. The final Recommended Budget reflects a thorough and careful analysis at each level.

The largest components of any School District budget are staff salaries and benefits. More than 80% of the District's educational investment is in staff-related costs, a percentage that is typical in the region.

EXPENDITURE DETAIL

1010 Board of Education

The District is led by a seven-member Board of Education which performs policy-making functions for the District. The Board receives no compensation for their service. These budget categories cover expenses for membership dues, attendance at conferences and other Board expenses.

PROGRAM	2019-2020 Actual Expenditures	2020-2021 Budget	2020-2021 Expenditures at 1/31/2021	2020-2021 Projected Expenditures	2021-2022 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

1620 Operation of Plant

The District owns and maintains Central, Chatsworth, Mamaroneck Avenue and Murray Avenue Elementary Schools, Hommocks Middle School, Mamaroneck High School and the transportation garage. In addition to school day activities and functions, these facilities are used by community groups when school is not in session.

Included in this section are expenses related to the operation of the District's physical plant. The operations salaries include the costs of custodial staff and overtime. Equipment, utilities, contractual expenses, materials and supplies are included in this category. Services such as cartage, snow removal and security are also in these codes.

Costs for electricity, telephone, natural gas and water are budgeted according to estimates from the utility companies and historical usage. Decreases in this service reflects a reduction in overtime.

1621 Maintenance of Plant

The maintenance payroll codes include costs of maintenance staff salaries and overtime including the District grounds staff, automotive mechanic, carpenters, electricians, plumbers and HVAC mechanics.

This category covers the maintenance of all boilers, chillers and heating controls, repairs for electrical, HVAC and plumbing systems, pavement, district-owned vehicles and equipment and the maintenance of facilities and all District fields.

Included in this budget is funding for routine facility repairs, government-mandated testing and inspections such as asbestos, lead testing, water testing, annual structural inspections, air quality testing and others. Funding for architects, engineers and construction management to provide consulting services as needed and plan for future capital improvement projects are included here as well. Costs incurred for the voter-approved capital projects are accounted for elsewhere in the capital fund.

1981 BOCES Administrative Charges

The Administrative costs for BOCES services appear in this section. The District is not a component of BOCES. Therefore, instead of paying annual administrative and capital charges based on True Value or RWADA as a component district does, the District pays an administrative fee on all BOCES services purchased. The increase in the budget for this function results from including all administrative fees from BOCES.

PROGRAM	2019-2020 Actual Expenditures	2020-2021 Budget	2020-2021 Expenditures at 1/31/2021	2020-2021 Projected Expenditures	2021-2022 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2010 Curriculum Development and Supervision

The Assistant Superintendent for Curriculum and Instruction provides leadership in the ongoing development and enhancement of the entire K-12 instructional program and is directly responsible for development and evaluation of instructional specialists and monitoring of District-wide assessment programs.

The District, through its Annual Professional Performance Review (APPR) Committee continues to meet the Commissioner of Education's regulations for teacher and principal supervision. The District has developed an effective evaluation framework, prioritizing system-wide observation of teaching and learning and use of student achievement data.

2020 Supervision – Regular

The principals of each of the District's six schools have the responsibility for the operation of the building, the supervision of staff and the direction of the education program. The assistant principals lend support to the principals with the day-to-day operations of the building. The reduction in this budget is a result of a decrease in clerical staff.

2060 Research, Planning and Evaluation

This office is responsible for reporting, verifying and analyzing student data as required by the District and the New York State Education Department. These responsibilities include the administration of standardized tests in grades 3 through 8, and reporting on all standardized tests District-wide. The office oversees all aspects of student data including attendance, registration and program evaluation. The office is responsible for producing reports which come as a result of research assigned by the Superintendent and Assistant Superintendent for Curriculum and Instruction. A large part of the increase in this area is due to purchasing of improved software.

2110 Teaching – Regular School

This section of the budget accounts for the basic regular education program provided to the students of the District. Included in this section are the salaries of teachers from K through Grade 12, textbooks, instructional supplies and materials, equipment for classrooms and contractual expenses needed for instruction. Included in this budget is one contingent teaching position to provide for an unanticipated enrollment increase.

PROGRAM	2019-2020 Actual Expenditures	2020-2021 Budget	2020-2021 Expenditures at 1/31/2021	2020-2021 Projected Expenditures	2021-2022 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2250 Special Education

Inclusive of the Pre-K special needs children, the Special Education Department serves over 950 students. We pride ourselves on being able to provide in-district programs for 90% of our special needs students. When our own programs cannot accommodate the needs of students, services are provided by the Board of Cooperative Educational Services (BOCES), other public schools or private schools which are approved by NY State. Increases in this budget result from increased out-placements and related services. Residential student placements are consistent with last year's numbers. Similar to districts around us and across New York State, there continues to be a pattern of higher incidence of secondary students who require therapeutic support for social-emotional needs. In response to this need, several years ago, the district developed an Emotional Support Program (ESP) which has successfully addressed needs of students who might have previously been placed in therapeutic day programs.

The Special Education Department continues to develop supports and structures to enable our students to be educated within the district when at all possible. The creation of these programs also allows us to charge tuition to other School Districts that send their students to our programs when space allows. This, along with billing other Districts for related services and providing services to students who attend our non-public schools, such as FASNY and Saints John and Paul, is reflected in tuition revenue.

The District's goal will always be to meet students' needs in the least restrictive and most inclusive environment possible.

Through a joint Request for Proposals (RFP) with neighboring school districts, mandated contracted specialists have been secured at competitive rates.

The decrease in this budget results from retirements and a reduction in the number of Teacher Aides.

2610 Library

The librarians continue to use web-based software provided by Follet for the library catalogs detailing the holdings of each of the libraries. To maintain the libraries as active hubs for research serving both students and teachers, the six school libraries are equipped with multi-media computer work stations, laser printers, internet access and a wide range of database resources. Other equipment in the libraries includes scanners, LCD projectors, digital cameras and large screen displays. Library teachers continue to have enhanced abilities to act as key information resources for the students and staff in their buildings and the libraries are a main hub for technology use.

2630 Computer Instruction

Expenditures listed within the computer instruction area of the budget include funding for instructional technology coaches and technology resources that directly support classroom instruction. The District continually refines and implements a technology plan aligning the purchase of technology resources with teaching and learning goals. In addition to computer hardware resources (e.g., computers, laptops, tablets, and interactive projectors) the District maintains annual computer software contracts including website hosting and instructional software that guides day-to-day learning activities.

2712-2751 Professional Development

Teaching matters. Numerous studies have shown that teacher quality is the single largest factor that adds value to student learning, overshadowing students' previous achievement, class size, and ethnic and socioeconomic status. For this reason, it is imperative that the District recruit, develop and retain strong teachers.

Instruction matters. Certain research-based teaching practices are more conducive to student learning than others. Professional development is a crucial means of extending teachers' knowledge and instructional repertoire; it is the vehicle for developing District-wide curriculum consistency and challenge.

Our District is proud of its ongoing commitment to quality professional development that leads to enhanced learning experiences and achievement for our children. Our staff development program targets perennial, mission-driven goals in the areas of differentiation of instruction and closing the achievement gaps. In addition, content-specific development is provided each year in response to District, school, and departmental goals.

The National Staff Development Council and the New York State Professional Development Standards stress the efficacy of ongoing, "job-embedded" professional development provided by peer coaches. At the elementary level, instructional coaches in literacy and math provide critical leadership and support. At the middle school, a literacy coach promotes literacy across the curriculum and strengthens the reading and writing program.

The professional development codes listed include salaries for District coaches, funds for employees to attend District-sponsored summer workshops and out-of-district professional development opportunities.

2810 Guidance

Guidance Counselors are an essential component of our secondary schools. In addition to scheduling academic advisement and post-secondary planning, they provide the social emotional support at the foundation of students' school and life success.

The Counseling Center provides direct mental health services to the school District at the elementary and secondary levels. These services include programs and services for students, staff and parents in need.

The changes in this budget reflect a reduction in personnel during the 2020-2021 school year and increase in the budget to provide funds for the District Equity Team.

PROGRAM	2019-2020 Actual Expenditures	2020-2021 Budget	2020-2021 Expenditures at 1/31/2021	2020-2021 Projected Expenditures	2021-2022 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2815 Health Services

The District employs nurses in each of the District's schools and non-public schools that provide a host of services, i.e., collecting and arranging for State mandated physical exams, hearing and vision testing, dispensing doctor prescribed medications during the school day, assessing injured or sick children, performing sports clearance and consulting with physicians and parents. The increase in this budget represents an increase in Health Aides during 2020-2021, an increase in contracted nursing for non-public schools and an increase in the nursing staff at Mamaroneck Avenue School.

2820 & 2825 Psychological/Social Worker Services

These lines fund psychologists and social workers throughout the District. Psychologists and social workers provide both mandated and non-mandated counseling sessions. They meet with students individually and in small groups depending on need. These departments play a critical role in all crisis intervention, mental health and psychological evaluation, and work closely with families to ensure students are well-supported both in and out of our schools. Our psychologists currently chair about 80% of the Committee on Special Education meetings, frequently participate in 504 and Instructional Support Team meetings, and consult with District staff. We constantly look for ways to increase our funding from outside sources which at times requires us to fund different salaries through grants rather than as originally projected. The decrease in 2825 results from a grant allocation.

2850 Co-Curricular Activities

The District has an extensive list of extra-curricular activities in the Hommocks Middle School and Mamaroneck High School. The amount of the stipend received by the advisors for these activities is set by the MTA contract and is dependent upon the amount of advisor time required, longevity of the advisor in the position and the impact of the activity on the school in general. Not every activity is funded every year.

PROGRAM	2019-2020 Actual Expenditures	2020-2021 Budget	2020-2021 Expenditures at 1/31/2021	2020-2021 Projected Expenditures	2021-2022 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2855 Interscholastic Athletics

In a typical year, Mamaroneck has one of the most extensive athletic programs in Section I and Westchester County with 78 teams. The athletic program consists of three seasons of activities: fall, winter and spring. Each season attracts over 500 students. Throughout the school year over 1,500 students participate in the athletic programs in varsity, junior varsity and freshman programs for high school students and modified programs for middle school students.

This budget includes funds for supervision during both the District's and other's activities. The continued funding for travel reflects the costs of our athletes experiencing success during regular season play and continuing on to the New York State tournaments. Generally, a few District teams participate in State Championship play each year. The District receives reimbursement from NYSPHAA for some costs incurred through participation in State tournaments. The increase in this area of the budget allows for a strength and conditioning coach, additional athletic equipment and supplies, and BOCES increases.

9000's Benefits

All expenditures in the benefits section of the budget are either

Mandated by law

- Employees' Retirement System contributions
- Teachers' Retirement System contributions
- Social Security
- Unemployment Benefits
- Workers' Compensation Insurance

or

Negotiated in Contracts

- Health Insurance
- Dental/Vision Insurance
- Life Insurance
- Disability Insurance
- Tax Shelter Payments

9010 NYS Employees' Retirement

The District is required to provide a contribution for all classified employees who belong to the New York State and Local Employees' Retirement System (ERS). ERS contributions by the District are dependent upon the tier to which the employee belongs and the tier is determined by when the individual joined the system. The rates are set by the retirement system.

9020 NYS Teachers' Retirement

Teachers and Administrators are members of the New York State Teachers' Retirement System (TRS). The rate is set by the retirement system. The rate to be applied to certified payroll in 2021-2022 will be 9.8%. The rate is 9.53% of certified payroll in 2020-2021.

9030 Social Security and Medicare

By law we are required to pay Social Security and Medicare taxes on salaries paid. The increase is due to the increase in salaries and the increase in the maximum amount subject to Social Security tax.

9040 Workers' Compensation

Workers' Compensation insurance coverage is required by law. Effective 7/1/2018 the District joined the Southern Westchester Cooperative Workers' Compensation Self-Insurance Plan.

9045 Life Insurance

Employee contracts require that Administrators, Teachers, CSEA Members and Secretarial staff receive term life insurance.

9046 Employer TSA Benefit

Some employee contracts require Tax Shelter Annuity payments by the District.

9050 Dental/Vision Welfare Funds

The Administrators, Teachers, and Clerical contracts require payments to the Mamaroneck Teachers' Association's Welfare Fund for each eligible employee for dental/vision insurance. The CSEA Custodial contract requires contributions to the CSEA Benefit Fund.

9051 Unemployment Insurance

Unemployment coverage is required by law. Unlike private industry, public school districts pay for Unemployment Benefits as claims are made. The pandemic has caused an increase in the number and duration of unemployment claims.

9055 Disability Income Insurance

The Administrator and Clerical unit members are covered with disability contracts and the Custodial unit members are covered for disability through the State Insurance Fund.

9060 Hospitalization and Medical Insurance

Effective July 1, 2020, the District joined the Municipal Employees Benefits Consortium (MEBCO).

9061 Prescription Coverage

Effective July 1, 2020, the District joined the Municipal Employees Benefits Consortium (MEBCO). As a result, hospitalization, medical and prescription costs are now included in 9060 above.

9062 Medicare Part B

The District becomes the secondary health coverage provider once retirees are eligible for Medicare. Therefore, the District must reimburse retirees for their Medicare Part B contributions.

9901 Interfund Transfers

These amounts represent expenses paid from other funds. The transfer to debt service fund covers the cost of principal and interest on the District's serial bonds. The increase is in accordance with Debt Service Schedule below. The transfer to Special Aid fund covers the District's share of the costs of the summer school programs. The State has decreased its contribution to the extended school year programs thereby causing the District to increase its share to maintain mandated programs.

	Percentage increase under the tax levy cap	1.30%
	Proposed \$ Increase to the Tax Levy:	2,561,964
	Proposed % Increase to the Tax Levy:	1.99%

PROPERTY TAX LEVY CAP

The property tax cap law, enacted in Chapter 97 of the Laws of 2011, restricts tax levies such as library, fire or water districts, to no more than two percent, or the rate of inflation, whichever is lower (prior to allowable adjustments). State law requires localities to calculate their tax levy limits and report their computation information to the Comptroller's office before they adopt annual budgets.

Most local governments can override the cap with a 60 percent vote by their governing body. In the case of a School District, 60 percent of the voting public must approve the override.

For School Districts, Education Law §2023-a specifies a "cap" of the lesser of two percent or inflation (the tax levy limit), but not less than the prior year's levy. This baseline cap is then adjusted by several factors to produce a "maximum allowable tax levy limit." This levy limit can be higher, or lower than two percent.

Exclusions from the cap include pension contribution rate increases greater than two percentage points, certain large legal expenses (tort actions), and the local share of capital expenditures.

If a District seeks an increase greater than the tax levy limit, approval by 60 percent of voters is required. If the District requests an increase at or under the limit, approval by a simple majority (50 percent plus one vote) suffices. Districts are permitted two chances to obtain voter approval. If voters do not approve the budget in the second vote, the tax levy is capped at the prior year's levy.

The Proposed Budget calls for a tax levy increase that will exceed the cap and therefore requires a 60% majority approval vote in order to pass.

School Year	Budget	Budget Growth %	Tax Levy	Tax Levy Growth %	Allowable Growth Tax Cap	Allowable Growth Tax Cap %	Over (Under) Tax Cap	Over (Under) Tax Cap %

FUND BALANCE

Fund Balance is created when expenditures are less than revenues. The Board may retain some or all of the fund balance in several reserves designated by State law, or return a portion of it to taxpayers as a reduction to the tax levy in the form of Appropriated Fund Balance.

Budget surpluses / deficits result from lower / higher than anticipated revenues or costs in budget categories, specifically health insurance claims, special education costs, and utility costs. Each of these budget categories is difficult to anticipate at the time the budget is prepared. Because of their unpredictable nature, it is possible that these budget areas could produce deficits in any given year that would require funding from other expenditure lines.

The District currently maintains or has maintained the following reserve accounts:

Retirement Contribution Reserve

This reserve is available to fund contributions to the New York State Teachers' Retirement System for certified staff and to the New York State Employees' Retirement System for non-certified staff.

Self-Insurance Health Plans Reserve

The District established a Reserve for Self-Insured Health Plans at the end of 2019-2020. This reserve is designed to create financial stability since health claims can be unpredictable and unstable.

Tax Certiorari Reserve

This reserve is used to pay judgments and claims resulting from tax certiorari proceedings per Real Property Tax Law, Article 7.

Unemployment Benefits Reserve

By law, unemployment benefits must be provided to employees. Unlike private industry that pays a percentage of payroll into a fund, New York State public school districts pay for unemployment benefits as claims are made. Since this can result in unpredictable expenditures, a Reserve for Unemployment Benefits has been used in the past.

Workers' Compensation Reserve

Prior to July 1, 2018 the District maintained a self-insured Workers' Compensation Plan. This reserve is used to cover expenses incurred as a result of injuries prior to July 1, 2018.

Appropriated Fund Balance

The 2020-2021 budget plan appropriated \$400,000 of fund balance as a revenue item. The Proposed 2021-2022 Budget eliminates the use of unappropriated fund balance as a source of revenue.

Purchases on Order

The Reserve for Encumbrances or Purchases on Order allows encumbrances outstanding at the end of the fiscal year to be carried into the following year.

Unassigned Fund Balance

This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. By law, this account is limited to 4% of the ensuing year's budget.

The New York State School Report Card

Fiscal Accountability Supplement for

MAMARONECK UFSD

New York State Education Law and the Commissioner's Regulations have required the attachment of the NYS School Report Card to the public school district budget proposal. The regulations required that certain expenditure ratios for general education and special education students be reported and compared with ratios for similar districts and all public schools. The required ratios for this district are reported below.

2017-2018 School Year		General Education	Special Education
This School District	Instructional Expenditures	\$75,080,717	\$29,792,527
	Pupils	5,417	742
	Expenditures Per Pupil	\$13,860	\$40,152
Similar District Group – Low Need/Resource Capacity	Instructional Expenditures	\$5,629,457,432	\$2,181,788,127
	Pupils	365,552	52,736
	Expenditures Per Pupil	\$15,400	\$41,372
Total of All School Districts in NY State	Instructional Expenditures	\$35,536,250,285	\$15,830,085,081
	Pupils	2,658,466	489,198
	Expenditures Per Pupil	\$13,367	\$32,359

Instructional Expenditures for General Education are K-12 expenditures for classroom instruction (excluding Special Education) plus a proration of building level administrative and instructional support expenditures. These expenditures include amounts for instruction of students with disabilities in a general-education setting. District expenditures, such as transportation, debt service and district-wide administration are not included.

The pupil count for General Education is K-12 average daily membership plus K-12 pupils for whom the district pays tuition to another school district. This number represents all pupils, including those classified as having disabilities and those not classified, excluding only students with disabilities placed out of district. Pupils resident in the district but attending a charter school are included. For districts in which a county jail is located, this number includes incarcerated youth to whom the district must provide an education program.

Instructional Expenditures for Special Education are K-12 expenditures for students with disabilities (including summer special education expenditures) plus a proration of building-level administrative and instructional support expenditures. District expenditures, such as transportation, debt service and district-wide administration are not included.

The pupil count for Special Education is a count of K-12 students with disabilities for the school year plus students for whom the district receives tuition from another district plus students for whom the district pays tuition to another district. Students attending the State schools at Rome and Batavia, private placements and out-of-state placements are included.

Instructional Expenditures Per Pupil is the simple arithmetic ratio of Instructional Expenditures to Pupils. The total cost of instruction for students with disabilities may include both general- and special-education expenditures. Special-education services provided in the general-education classroom may benefit students not classified as having disabilities.

2017-2018 School Year	This School District	Similar District Group	Total of All School Districts in NY State
Total Expenditures Per Pupil	\$24,820	\$28,620	\$25,853

Total Expenditures Per Pupil is the simple arithmetic ratio of Total Expenditures to Pupils. Total Expenditures include district expenditures for classroom instruction, as well as expenditures for transportation, debt service, community service and district-wide administration that are not included in the Instructional Expenditure values for General Education and Special Education. As such, the sum of General Education and Special Education Instructional Expenditures does not equal the Total Expenditures.

The numbers used to compute the statistics on this page were collected from the State Aid Form A, the State Aid Form F, the School District Annual Financial Report (ST-3), and from the Student Information Repository System (SIRS).

Information about Students with Disabilities for MAMARONECK UFSD

New York State Education Law and the Commissioner's Regulations has required the attachment of the NYS School Report Card to the public school district budget proposal. The regulations required reporting students with disabilities by the percent of time they are in general education classrooms and the classification rate of students with disabilities. These data are to be compared with percentages for similar districts and all public schools. The required percentages for this district are reported below.

Student Counts as of 2018-2019	This School District		Similar District Group Low Need/Resource Capacity	Total of All School Districts in NY State
Student Placement Percent of Time Inside Regular Classroom	Count of Students with Disabilities	Percentage of Students with	Percentage of Students with	Percentage of Students with
80% or more	458	66.5%	62.6%	58.7%
40% to 79%	119	17.3%	17.79%	11.5%
Less than 40%	47	6.8%	11.2%	19.0%
Separate Settings	25	3.6%	5.0%	5.3%
Other Settings	40	5.8%	3.5%	5.6%

The source data for the statistics in this table were reported through the Student Information Repository System (SIRS) and verified in Verification Report 5. The counts are numbers of students reported in the least restrictive environment categories for school-age programs (ages 6-21) on BEDS Day, which is the first Wednesday of the reporting year. The percentages represent the amount of time students with disabilities are in general-education classrooms, regardless of the amount and cost of special-education services they receive. Rounding of percentage values may cause them to sum to a number slightly different from 100%.

School-Age Students with Disabilities Classification Rate

2018-19 School Year	This School District	Similar District Group	Total of All School Districts in NY State
Special Ed Classification	10.9%	12.8%	15.6%

This rate is a ratio of the count of school-age students with disabilities (ages 4-21) to the total enrollment of all school-age students in the school district, including students who are parentally placed in nonpublic schools located in the school district. The numerator includes all school-age students for whom a district has Committee on Special Education (CSE) responsibility to ensure the provision of special-education services. The denominator includes all school-age students who reside in the district. In the case of parentally placed students in nonpublic schools, it includes the number of students who attend the nonpublic schools located in the school district. Source data are drawn from the SIRS and from the Basic Education Data System (BEDS).
