

WinCap New Requisitioner ID Field

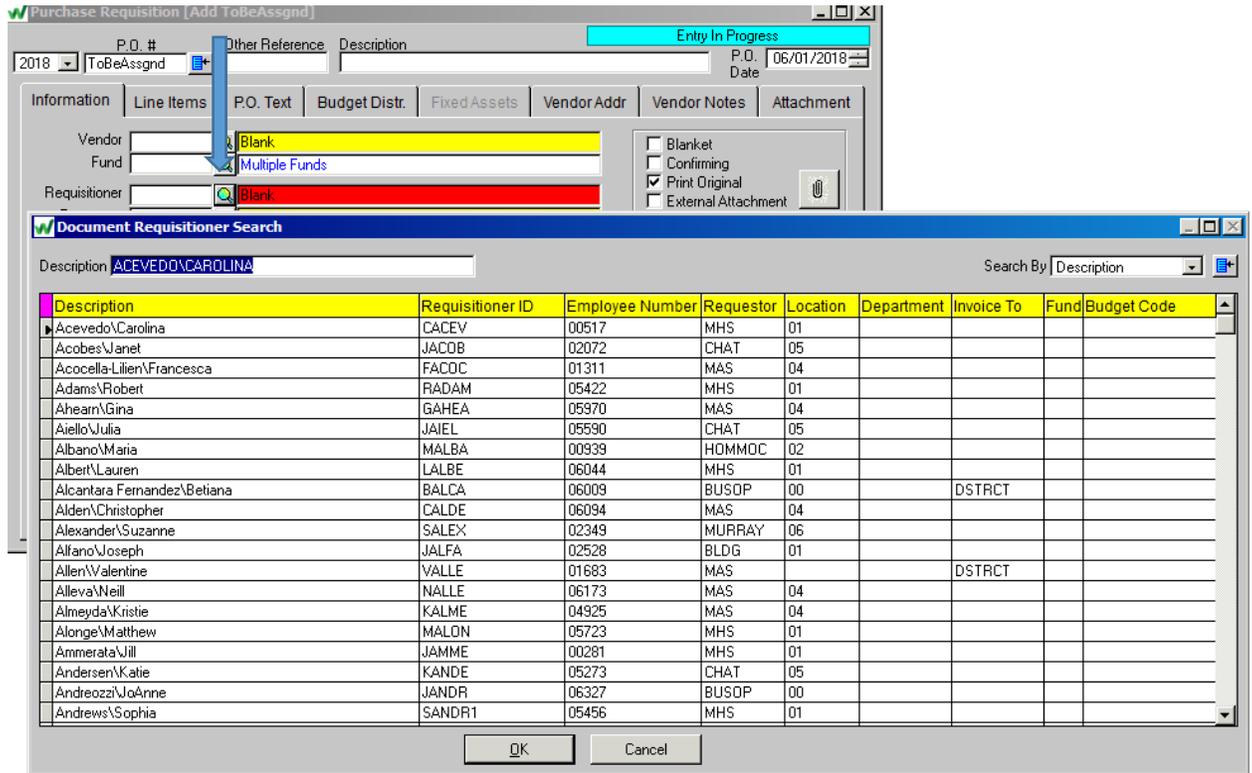

The new field on the information screen for PO Entry (arrow below) replaces the old End User field which is no longer there. Instead of YOUR information, the Requisitioner (Teacher or person requesting the purchase) will be populated here. All District Staff has been set up with Requisitioner ID codes which are comprised of their first initial and first four letters of their last name. For example, Lauren Leone would be LLEON.

The screenshot shows the 'Purchase Requisition [Add ToBeAssgnd]' window. The 'Information' tab is active. The 'Requisitioner' field is highlighted with a blue arrow. The 'Vendor' field is set to 'Blank', 'Fund' to 'Multiple Funds', 'Requestor' to 'Blank', 'Location' to 'Blank', and 'Department' to 'Blank'. The 'Bid/Ctlg.' field is also set to 'Blank'. The 'Shipping Address' field is populated with 'Mamaroneck Union Free School District, 1000 West Boston Post Road, Mamaroneck, NY 10543'. The 'Attachment' section includes checkboxes for 'Blanket', 'Confirming', 'Print Original', 'External Attachment', 'Recurring', 'Issue & Pay', 'Prepay', and 'Manual'.

The beauty part of this is that each Requisitioner ID has been set up with their Department and ship to location. Once you enter the Requisitioner ID everything else auto populates!

The screenshot shows the 'Purchase Order [18-03280]' window. The 'Information' tab is active. The 'Requisitioner' field is highlighted with a blue arrow and contains 'JFERR'. The 'Requestor' field is 'MAS', 'Location' is '04', and 'Department' is 'MAS'. The 'Vendor' field is '028775' and 'Fund' is 'TE'. The 'Shipping Address' field is populated with 'Mamaroneck Avenue School, 850 Mamaroneck Avenue, Mamaroneck, NY 10543'. The 'Attachment' section includes checkboxes for 'Blanket', 'Confirming', 'Print Original', 'External Attachment', 'Recurring', 'Issue & Pay', 'Prepay', and 'Manual'.

If you have trouble figuring out someone's Requisitioner ID there is an hourglass search available. If you still cannot find someone please contact Lauren in Purchasing X3035

Everything else stays the same.

1. The person entering the Pending will now show here
2. If you don't have a specific Requisitioner, but a department, for example, "Library " in this case, you can modify the shipping address contact information on the information tab. Otherwise the person who requested and for whom the Requisitioner ID is populated will auto populate in the Ship to Attention location.
