## **Apps for Creating Visual Supports**

1. **Choiceworks**: This app contains four types of boards to create a visual schedule for daily routines, a waiting visual (with includes a timer feature), a feelings board and feelings scale. There is capability to print the created boards from the app.
2. **First Then Visual Schedules**: This app allows you to create first/then boards, visual schedules, and checklists.
3. **Visual Schedule Planner**: This app expands on visual schedules and allows you to create daily/weekly and activity schedules.
